## NOVEMBER 11, 1908.

Dr. J. D. McEachran has purchased Roy Lamb's automobile. He expects that he will soon be able to leave it loose on the street like he does his driving horse, and that it will stand all right.

This present season is a good chance to display that real neighborly love for your fellow men if you happen to have a cistern part full of water and there are a lot of less fortunate people about you.

The subject for the sermon Sunday morning at the Congregational church will be "What constitutes a good man?" Rev. Parsons repeats this sermon at the request of some who desire to hear it again. All are invited.

Dr. J. D. McEachran has made numerous substantial repairs to his home on South Main street and is now overhauling his office. When it is completed he will have as finely arranged office as any physician in the county.

Now let everyone get busy, rustle around and locate a fat turkey for Thanksgiving, get the bird cinched and then prepare to be thankful that election is over and that your Uncle Samuel is so busily turning his attention to the resuming of business.

Now election is over and the people feel sure of four years more of business, the banks have hundreds of dollars that have been hoarded up by people waiting to see how things were going. Both local banks say that the past week has been unusually active in bank deposits.

Mr. C. Lawrence Abbott an Impersonator and Monologist will give one of his famous entertainments at the Nashville Opera House, Friday evening, November 13, under the auspices of the "Sunshine Band" which is organized for charitable purposes. 10 cents for children 20 adults. Come over and help us.

George McWha is the happy possessor of the Buick touring car which the Nashville Business Men's Club disposed of at their fair last week. Geo. invested one dollar in the car and thinks it is a pretty good bargain for the money. From all reports, the club netted a goodly sum towards their building fund.
