HOUSE RECEPTION

The reception at the home of Mr. and Mrs. Irvin Powers, and in honor of Mr. and Mrs. Byron Hallenbeck was an event of unusual pleasure and satisfaction. The home was very prettily decorated with Wild Clematis or commonly called old maids curl and as the decorator remarked was so done to signify the passing from one decided state to another. This was lavishly entwined with bitter sweet, signifying that both bride and groom would from hence forth take the bitter with the sweet. And a profusion of gladiolia of wonderful size and color from the Racy Gladiolia farm at Charlotte. Guests were received and introduced by Miss Bessie Granger and after greetings and congratulations were received, ice cream and cake were served, following which Mrs. Ferris in her sunny and cheerful manner gave a reading offering splendid advice to the groom and later responding with a demonstration of a bride being given away by the father by radio each participant taking their part from a different station even the groom performed his part from P. D. Q. This was followed by a very appropriate solo by Harry Slout with Mr. Bingham at the Piano which

brought such applause that they were brought back for a second time and still people were not satisfied when Harry in his ever ready and congenial manner gave another beautiful and appropriate selection and thus we came to the end of a perfect day, looking forward to with Mr. and Mrs. Hallenbeck among us, the end of many another perfect day.
