

Hill and aunt and aunt. They all motored to Belding today to visit Mr. and Mrs. Bert Gregg. Margaret Virginia and Christine Powers accompanied Mr. Carl Lentz of Nashville to Detroit Tuesday to visit their uncle and aunt Mr. and Mrs. Harley Dorman and family for a couple of weeks.

Roy Mathews and wife and the boys campers returned from the north Sunday.

Mr. and Mrs. Frank Arnold of Chester were Sunday callers at Eugene Carey's.

Howard Hay severed his connection with the Mathews grocery and today to Grand Rapids to work for the National Biscuit Company.

LeRoy Snell and children of Detroit are spending two weeks at the home of his parents, Dr. and Mrs. Snell.

Cecil Powers sits up a short time each day which is good news to his friends.

July 8, 1926

Robert Chance has just completed a large cistern at his farm, that has a capacity of over 100 bbls., to be used for fire protection, not only for his own buildings but for the school house across the street.

Ernest Rawson was home from his work at Gary, Indiana from Friday until Monday night. Mrs. Rawson and daughter Margaret and Vera French motored to Battle Creek for dinner.

Mrs. E. D. Clark, who is attending Ypsilanti summer school and Mr. and Mrs. Ralph Hess of Kalamazoo visited their parents, Mr. and Allan Faust over Sunday and

Mr. and Mrs. Donald Carey and Neil and Eugene Carey left by train this morning for an extended trip east and expect to visit the Sesqui-Centennial at Philadelphia, Washington, D. C., and other places of interest.

Irvin Powers continues to move and gets about the house a

Miss Rogers' Sunday school class enjoying a picnic at Pine Lake

Mechanical Engineering, the magazine has the following to say in regard to Charles A. Fuller, son of Mr. and Mrs. S. A. Fuller of this village and is a wonderful tribute to a Vermontville boy.

Charles A. Fuller, member of the firm of Griggs, Fuller and Clark Consulting Engineers, with offices in New York. Mr. Fuller is a well-

known authority on heating and ventilating problems, and is the author of a text-book on the subject, entitled "Designing Heating and Ventilating Systems." He is a past member of the Council of the American Society of Heating and Ventilating Engineers.

Reduced power costs through highest possible efficiency in steam production and distribution—that's the aim of every industrial plant today.

A notable accomplishment in this direction was made recently by the Newport News Shipbuilding and Dry Dock Co., Newport News, Va. Installation of a central heating system for the seventy buildings of the plant, which covers about ninety acres, called for the most careful thought in planning the underground distributing system and in selecting the insulating materials.

This problem was handled by the Consulting Engineer, Mr. Charles A. Fuller, with notable results in fuel saving and operating costs.

The system is designed for distributing pressure of 25 pounds on the supply mains and a vacuum of 10 inches in the return mains. Steam is to be supplied from extraction type turbines supplemented by live steam through reducing valves.

The underground mains were made up with welded joints throughout, using the Carey System of Insulation for Underground Steam Pipes.

Because of their dependable character and high insulating efficiency, Carey materials are, today, the standard in engineering practice.

July 15, 1926

Miss Bessie B. Granger returned to Vermontville Thursday from her country visits and left Saturday morning for Bay View. It is not entirely a pleasure trip however as she is taking advance English work at the six weeks Summer school.

Cecil Powers and family are getting settled in the McWha house on West Main St., better known as the Fred Benedict place. Cecil is still very weak. The change was planned before his sickness but had to be postponed until now.

Russel Young of Texas is visiting his parents, Mr. and Mrs. David Young.

Mr. and Mrs. Archie Darrow of Rives Junction visited their parents Mr. and Mrs. Ed. Garrett, Sunday.

Mrs. Edith Biggs and daughter Marthajean were home from Ypsilanti from Saturday until Tuesday.

Miss Jennie Martin, in company with a friend from Lansing, left Friday for Boston. She expects to spend a few weeks in New England returning some time in August.

Martha A. Hawkins was born in Vermontville township on what is known as the Austin Gates farm, March 16, 1840. She was the daughter of Franklin and Ann Hawkins, her father coming from Vermont when a young man, with Roger Griswold, one of the original pioneers of Vermontville, and made his home with them.

At the age of six years she was left motherless and was given a home with Mr. and Mrs. Claus Insleman of Marshall.

She gave her heart to the Lord early in life and has always trusted the Savior to lead her in all things.

She was united in marriage to George K. Kenworthy of Marshall in 1856. To this union nine children were born, of whom six survive here. She was preceded in death by her husband and three children Alfred, George B. and Ida (Mrs. John Irvin).

She departed this life Friday morning, July 9, 1926, aged 86 years, 3 months and 23 days.

Those who are left to mourn her loss are her children; Mrs. Emma Green of Vermontville, William of Los Angeles, Calif., Frank of Detroit, Joe of Battle Creek, John of Ypsilanti and Mrs. Alice Knowles of Vermontville. Twenty-six grandchildren, twenty-nine great grandchildren and two great, great grandchildren also survive.

She was a kind and loving wife and mother, always thoughtful for others rather than herself. She had a smile and cheerful word for all. The memory of her life, will ever live to inspire those who knew her to better and holier living.

Funeral services were held from the M. E. Church at 2:30 Sunday afternoon, July 11 conducted by Rev. H. B. Johnson of Clare, a personal friend and former neighbor, who paid a beautiful tribute to her consistent, Christ-like life. He was assisted in the services by Rev. H. H. Rogers, pastor of the Congregational church.

Burial was made beside her husband at Woodlawn cemetery.

July 22, 1926

In the passing of Frank Benedict Vermontville loses one of its most loyal citizens. He will be greatly missed by neighbors and friends. Although afflicted for so many years he always had a smile and kind word for all.

Frank Howard Benedict was born in Vermontville, July 27th, 1860, his entire life having been passed in the village of his birth. His boyhood days were uneventful and on reaching manhood he assumed charge of the grain business with his father, continuing in that
