

Mrs. Una Moss went to Grandville Friday p. m. to visit her daughter and family, returning home Monday evening. Mr. Cronk although on crutches gets about the house and yard, but it will be some time yet before he can walk without them, but his ankle out-of-joint and broken tibia are doing as well as can be expected.

Gordon Guyette, 9, of Vernon Township Crushed under Wheels of Car

Owosso, Dec. 10—Gordon Guyette, 9, only child of Mr. and Mrs. Frank Guyette, of Vernon township, was crushed to death Monday night under the wheels of a car driven by Floyd Smith. The child had hooked a ride on his sled on the rear end of another machine and skidded in front of the Smith car.

The Guyette child was playing with Orian Smith, son of the driver of the machine. The Smith boy was also on a sled hooked to the same car, but was uninjured. The child's skull was crushed and he died on the way to the Durand hospital.

NOTICE TO PARENTS AND CHILDREN

Word was received of the death of little Gordon Guyette who used to live here. Death was caused by catching a ride on an automobile with his sled.

Let this be a warning to parents and children of this Village, be careful and not let such a terrible accident happen here. The Marshal is trying to prevent such things, but it is up to the parents to do their part in these matters. There is also a State Law to take care of them. Parents please give this question serious thought and talk to the child.

Cecil Powers, President—Village

CHRISTMAS TREE MEETING

All those who are interested in municipal Christmas Tree for his village are asked to meet with the Village Council at the council rooms, Friday night at 7:30.

Mr. and Mrs. Ilo Ferris are the proud parents of an 8¹/₂ pounds and 10 ounces boy which was born to them late Monday evening, December 9th, 1929, at Hall hospital. The young man has been named William Allen Ferris. Grandpa and Grandma Ferris are also justly proud.

Mrs. Albert Green is recovering nicely from her operation and was brought from Harper hospital, Detroit, to her home in West Benton, Sunday.

D. Parke Griswold was the guest of his cousins—the Barbers while in town, Monday. As Keith Barber drove with him about the Village, Mr. Griswold could name the occupants of nearly every house in town forty years ago and sure enjoyed his stay here.

Our ice covered earth was bad last week, but the rain which came Monday night and froze made the most glary ice we have had so far this winter and was about like that we enjoyed (?) the latter part of last January, and followed by high wind and snow makes it some storm.

E. S. Brewer has rented his farm to Waldorf Aldrich who took possession Wednesday, the Aldriches have been living on the Bitterman farm southeast of Sunfield. Mr. Brewer will continue in the milk business, however, and will serve his customers with the same good milk from the Brewer farm that they have been receiving. They have rented the Dewey Hawkins house on West Second Street and moved in yesterday.

HOME AFTER THIRTY YEARS

Twenty Years In Alaska

D. Parke Griswold, a Vermontville High School boy forty years ago, came to Michigan and was in town for a short visit Monday. Parke was one of fourteen young people to graduate from V. H. S in '90, forty years ago next June, though he says he gives his age as 43 and gets by with it, but his hair shows a liberal amount of the silver and the friends of younger days know. He spent twenty years in Alaska, and has been in all the western states, spending some time of late in Los Angeles and came to Chicago to visit his sister Miss Gayle Griswold. He was at one time a member of the Echo force, when J. C. and Bert Sherman were at the helm, and Darwin Finley and Clyde Hawkins were also employed. He made this office a pleasant call Monday and proved to us he had not forgotten the cases. He also visited the cemetery where the mortal remains of his parents Mr. and Mrs. Isaac Griswold, and many relatives and friends have been laid to rest. Thirty years away from the place of his birth (except for a few hours about six years ago to attend his mother's burial) has made many changes, but the old town is always glad to welcome home her boys and girls of yesterday.

At the annual meeting of Vermontville Lodge No. 232 F. & A. M. on the 12th of December the following officers were elected for the ensuing year:

- Ray Anderson Worshipful Master
- William Barningham Senior Warden
- Forrest Wilson Junior Warden
- W. C. Alsover Treasurer
- Laurence Tubbs Secretary
- J. M. Lent Senior Deacon
- Earl E. Howe Junior Deacon
- Otto Johnson Senior Steward
- Elmer Lindberg Junior Steward
- Lester Hammond Tyler

After the election and installation of the new Officers the Brothers present were served with a lunch consisting of oysters, both stewed and otherwise. After being provided with butter and milk, which had been left out of the calculations, E. D. Lake acted as "Chef" and prepared a very fine stew.
