

WHO ATTENDED ALUMNI

Many of our readers are interested in knowing just how many and who attended Alumni. The class having the largest percent of attendance was 1920. There were 17 in the class and of the 16 living members 9 were present. 1923 numbering 20, 10 were there this year.

By carefully reviewing the entire Alumni list we find 116 out Saturday evening, and with the invited guests the company numbered about 150. Several classes were not represented.

- 1889—Dr. George A. Parmenter
