

The Best Parking Lot in Town

Ted Nobach (above) is superintendent of the tool room at Plant No. 2.

Bill Koehler, 58, (below) is one of Motor Wheel's old timers. Bill started working for the Gier and Dail Manufacturing Company in 1914. He is a tool maker at Plant 2.

Long In Service

Left to right are Libby Frahat, press operator, and Isa Coulson, assistant. The former started to work for the Gier and Dail Manufacturing Company several years ago when that company was located on North Grand avenue. She remained with the firm when it moved to the present North Larch street location of Plant No. 2 and has been continuously employed since that time. During her many years with the company Libby has never had a serious accident. Isa has been with Motor Wheel since 1924.

Ed Tishrock, (above) foreman of tool and grinding at Plant No. 2, has seen many years' service with Motor Wheel and predecessor companies. He was promoted to the position about three months ago.
