

From blistering hot to icy cold, the Maple Valley Marching Lions have faced the odds this season. Battling through the rain and wind at the Hastings Invitational, the band finished in 4th place in Class D while also receiving Best Color Guard. The weather did little to dampen the spirits within the group, however. The band bounced back with a rating of 2 at MSBOA in East Kentwood. With their show-titled "The Greatest Generation," dedicated to the veterans of the community, they grabbed at the hearts of the audience and delivered a stunning and emotional show this year. The band is optimistic about the years to come, and hopes to continue to do well and entertain the audience.
