Quote

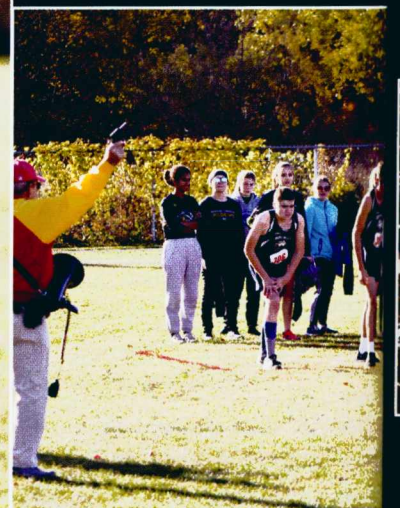

"The HS cross country teams had a fun and successful season. We gained new runners and doubled our team from last year. In the beginning of the season we went to a new running camp up north at Interlochen State Park. I was so proud of the teams as they worked together to complete a marathon distance and enjoyed the other activities we accomplished. During the season, I was please that they pushed and challenged themselves with increasing miles and working on speed. As the team would say, 'Run as One, Work as a Team, Finish as a Family.'"
